But if you still need some help, please write in the comments below. Last Island survival: Unknown 15 days is an application that belongs to the action category. If you want to configure Last Island Survival: Unknown 15 days on PC [Windows and Mac] then first download Last Island of Survival: Unknown 15 Days from Direct Link. Currently Last Island Survival: Unknown 15 Days has 2.9 versions with the number of installations. Requires an Android version rated 3.7 out of 5.0. Description Last Island Survival Unknown 15 Days is a multiplayer survival sandbox mobile game that is full of action and adrenaline. On this remote and post-apocalyptic island, your only goal is to survive. And there are a lot of threats that will try to stop you from achieving this goal! From hunger and dehydration to dangerous wildlife, opportunistic players and other mysterious dangers. You will need to collect resources, create your own bases, craft various handmade weapons and ensure that no one will steal your hard earned loot. Explore the island last island survival Unknown 15 days located on a remote island that was Civilizations. Now, there is only ruins, strangely walking people that are covered in blood and and helicopters snooping left and right. How long has it been since then? Does this have anything to do with the mysterious lab in the middle of the island? What are you doing here and how long are you going to last? There's only one way to find out! Explore a huge map of the open world to uncover the secrets of the island in its last days of civilization, but most importantly, search for valuable resources and plans! Find your own way to play the game In this online survival mobile game only you can choose the way you play. Find trusted teammates and build a clan that will dominate the island, or be a loner whose name will scare island netizens. Make new friends and enemies. Build sky high fortresses or blow up your enemies with explosives and raid their homes. You're the only one who decides what you're going to do. Build what you want wherever you want to explore this huge island and claim a place that you can call your home. It will be a cozy cottage in snowy ice fields, an impressive fortress that guards the edge of the desert, or a conveniently located base for expeditions, to build what your heart desires. But beware of your worst enemy - rust and decay. In these last days on earth, you have to maintain your structures to protect them from rust and defend them against your enemies. The Last Man Standing Last Island Survival Unknown 15 Days is a PVP focused online mobile game, and only players decide what the new day brings to them. The unification of the entire island and the brutal bloodshed are one step apart. All this online survival action is on your mobile device! So be prepared to fight! Create loyal weapons or find those that are covered in resonant, gather a group or be a lone wolf, fight for your life or perish. Raid enemy fortresses and steal valuable loot from them. Fight off the army that answered their call of duty. Build impregnable fortresses and defend them with your clan. The opportunities are huge, you just have to survive and take them.
